Another Redlands Bicycle Classic to Remember

For the third consecutive year PossAbilities was the title sponsor of the Redlands Bicycle Classic (RBC), one of America’s best professional road stage races. In addition to the able-bodied race series, PossAbilities and the RBC committee have worked together to offer for the fourth year a handcycle race series. This series consists of four days of racing with a time trial, a road race, and two criterium.

The road race in Beaumont was extended to 21 miles this year to meet the criterium that allowed this race series to qualify on the national race calendar for the U.S. Handcycling Federation. RBC Race Director, Dan Rendler, said the handcycling races are special to him. “We’re very proud to have handcycling as part of the race, especially at the same time as the able-bodied event,” he says, “Handcycling completes our race.”

We were extremely honored to have Chairman James Ramos and Ed Delgado, senior community representative of San Manuel Band of Mission Indians, as our guests of honor present to watch the handcycle race and support PossAbilities Sunday afternoon.

“It’s worth it when you see athletes with disabilities go out there,” the chairman says. Seventeen handcyclists participated during four days of competition. The overall winners were Delmon Dunston (H1), Kyle Massey (H2), Steve Hoffman (H3), and Erica Davis (Women).

Greg Crouse, an honored veteran and wounded warrior, working hard to get to that finish line.

A special thanks to San Manuel Band of Mission Indians for powering this event with their continued sponsorship of PossAbilities.

On Our Cover
After years of being a devoted quad rugby player, Delmon Dunston ventures out to do his first handcycle race and wins it all!
Carole King Memorial Award

Established in 2000, the award honors the memory of Carole King, a founding member of the Redlands Bicycle Classic organizing committee. Volunteerism and community involvement were two of her strongest beliefs. In her local newspaper column she encouraged readers to get involved and recognized those who did. The committee presents this award to the person who best exemplifies the principle of sportsmanship in cycling and athletic competition. This person inspires the committee to continue producing America’s premier bicycle race, the Redlands Bicycle Classic. With great humility, Brian McCulloch, support member of PossAbilities, member of Team PossAbilities/Pull Through Racing, and marketing assistant for the Redlands Bicycle Classic committee, accepted the Carole King Memorial Award.

Grand Opening of the Zapara Rehabilitation Pavilion

by Dennis E. Park, AA Executive Director

The East Campus Hospital, formerly known as the Loma Linda Community Hospital, underwent a transformation over the past decade to become, in both setting and practice, a place of hope, healing, and transformation. A variety of medical specialties and facilities at the East Campus supports patients who experience disease, illness, or trauma that affects their mobility. Most patients at Loma Linda’s East Campus are here to recover from stroke, spinal cord injury, traumatic brain injury, orthopedic and neurological diseases, and mobility issues.

The hospital and grounds house the Rehabilitation, Orthopaedic, and Neurosciences Institute (RONI) and include the supporting physician practices and allied health professions under the name of Loma Linda University Medical Center East Campus. The hospital and supporting facilities provide a full continuum of care for the benefit of patients and their families.

The newest addition to the campus, the Tom and Vi Zapara Rehabilitation Pavilion, celebrated its grand opening on May 25, as a state-of-the-art facility that has been designed with every need and aspect of the patient experience in mind. The pavilion lies in the heart of the campus and will provide 24 private rooms to rehabilitate patients. Each room will have a patio and use state-of-the-art technology to provide a homelike environment. Patients will rest and recover in their room, receive inpatient therapy, and enjoy views of the mountains, park, and campus. Due to the generous support and a major gift from Tom and Vi Zapara, the new rehabilitation pavilion will be the newest facility of the East Campus—where hope lives, healing happens, and transformation is an everyday occurrence.

The guidebook "What Are My Medi-Cal Choices?" is now available online in 12 languages, cassette, CD, or braille. This guidebook can help seniors and people with disabilities choose the Medi-Cal that is right for them: Regular Medi-Cal or Medi-Cal Health Plans. For more information visit dhcs.ca.gov/MediCalChoices.
Meet Our Member, Bill Nessel

Bill Nessel, born in Chicago, had skills in welding, a career in life insurance sales, and was a business owner and printing pressman. In 1974, he joined the San Bernardino County Sheriff’s Department as a reserve deputy doing mounted search and rescue in law enforcement. He was a reserve officer and managed to operate his printing businesses at the same time. It was there that he was a unit commander twice and a reserve deputy chief for three years. In 1997, he retired from the department, where he had ridden horses for 13 years. In the 10 years since retirement, he has operated four-wheel-drive ATVs.

In 2002, his whole world changed. He became a right-leg-above-the-knee amputee as a result of having been a smoker for 43 years. He had nine surgeries on his right leg and was in the hospital for six weeks. He almost didn’t come home. He felt that instead of hitting a bump in life’s road, he had hit a huge pothole. He was fortunate enough to find a local amputee support group where he attended meetings. Nessel says, “I can’t express enough what a huge help that group became. I decided early on how life does go on and I should make the best of it.” He feels he was spared for a reason—to help other amputees just as he had been helped.

Nessel is very involved in the disabled community. He is a proud member of PossAbilities, a volunteer at Loma Linda University Medical Center East Campus (LLUMCEC), a Certified Amputee Peer Visitor, a member of the Amputee Coalition of America (ACA), a member of Inland Empire Disabilities Collaborative (IEDC), the vice president and spokesman for the Amputee Connection of Redlands, and currently a member of the planning committee for the ACA’s annual convention this August in Irvine, Calif. Nessel is also known for making a mean jar of mustard!

We applaud Nessel for all his great work in our community!
THE AMPUTEE CONNECTIONS
For program information or to request a visit by one of our volunteers, call:

BRAINSTORMING 4 US
Brain injury support group for all ages.
Held at the Sterling Inn Commons, 17738 Francesca Road, Victorville, CA 92395.
For more information, call 760-244-1600 or e-mail info@brainstorming4us.com.
For more information, visit www.brainstorming4us.com.

FREE WHEELERS
SPINAL CORD INJURY CLUB
First Monday of the month, 5 to 7 p.m.
Inland Empire Health Plan (IEHP)
303 East Vanderbilt Way
San Bernardino, CA 92408
Family is welcome. Food will be provided.
RSVP to Dennis at 909-890-3438, or 909-890-1623 (TTY), or e-mail Kaney-D@iehp.org.

Redlands Support Group
Third Sunday of the month, 2 to 4 p.m.
Wiesser Education Pavilion, Redlands Community Hospital
350 Terracina Blvd.
Redlands, CA 92373

Corona/Riverside Support Group
Third Saturday of the month, 10 a.m. to noon
Riverside Medical Clinic
7117 Brockton Ave.
Riverside, CA 92506

HITSS: HEAD INJURY AND TRAUMA SPINAL SUPPORT GROUP
ADULT AND PEDIATRICS GROUP
MEETING
Fourth Monday of the month, 6 to 7:30 p.m.
Ambulatory Services Building, Conference Room 129A (the old library)
11406 Loma Linda Drive
Loma Linda, CA 92354
Enter the south driveway and go to the end of the building. Survivors or family members welcome. Call 1-800-986-HITSS or 1-800-986-4487, ext. 42401.

MENDED HEARTS: CHAPTER 34
A support group for all heart patients and their families.
Last Friday of the month, 11 a.m.
Loma Linda University Medical Center Cafeteria, Room A
11234 Anderson St.
Loma Linda, CA 92354
For more information, call 909-558-8180.

MOMS’ NIGHT OUT
Third Thursday of the month, 6 p.m.
Mimi’s Café
395 East Hospitality Lane
San Bernardino, CA 92408
Support group for moms of children with special needs to have social time with other moms going through similar challenges. Enjoy a good hot meal, share lots of chitchat, and laugh a lot. We welcome girlfriends, grandmothers, aunts, and other women who give you support. This is a social time for moms. Everyone pays for her own meal. No children, please! For more information, call Tina Schumacher at 909-864-7424.

For more information about joining the team go to www.teampossabilities.com or call 909-558-6384.

About the PossAbilities Program
PossAbilities is an outreach program whose goal is to offer disabled individuals a sense of community and provide activities and practical help.
To find out more about PossAbilities, call our office at 909-558-6384 or visit us on the Web at www.teampossabilities.com.
willie’s corner

This year was truly inspiring. I watched a host of athletes of all abilities and ages break through the barriers and achieve greatness as they met the challenge and finished the race. Whether it was the pro athletes and our disabled athletes giving it their all or the children setting lifetime habits of incorporating fitness into their life, the triathlon this year was awesome. One of the best moments was when I saw Chris Stehula, first place winner of the men’s triathlon, kneel down on the grass and give his first place medal to Abbey Umali, who finished the kids’ triathlon without her braces by running hard across the finish line. That’s what makes PossAbilities different. That’s what makes it the inspiring event it is. Congratulations to all our participants!
