PossAbilities Wins a Team USA Grant. See page 5.
Benefits of Membership

- Social, recreational, and community activities
- Peer mentoring
- Educational learning
- Adaptive and wheelchair sports
- Support groups
- Competitive team activities
- Women’s, youth, and family activities
- Holiday parties
- Grant and scholarship program
- PossAbilities & You newsletter
- Discount prescription program
- Discount to on campus cafeterias
- Discount to the Drayson Center. Call 909-558-4975.

About PossAbilities

PossAbilities is a community outreach program of Loma Linda University Medical Center East Campus. Membership to PossAbilities is free and there are no age restrictions. PossAbilities provides resources and opportunities for persons with diverse physical disabilities. Membership gives you the opportunity to find new direction and hope through physical, social, educational, and spiritual interaction with your peers and the community. Visit our office, or our website online, to learn how PossAbilities can benefit you.

Staying Active
You will have many opportunities to get active and stay healthy while making new friends. If you are interested in wheelchair sports, recreational activities, support groups and more, we have the connections for you. You can even get a discounted gym membership to the Drayson Center as a member of PossAbilities. Take advantage of adaptive workout equipment at world-class facility.

Peer Support
Many persons with disabilities are looking for encouragement, emotional support, and a firsthand positive viewpoint from someone who has been there. Participate in the peer support program by volunteering your time to reach out to someone who needs it most.

Become a Support Member
Rehabilitation health care professionals, physicians, therapists, family members, and friends are all welcome to join PossAbilities as support members. Your time, resources, and financial contributions are vital to the ongoing success of PossAbilities.

Belonging
We want you to feel connected. Whether you received care at Loma Linda University Medical Center or heard about us later, you can be a part of PossAbilities. Our goal is to provide you with the opportunities and tools you need to succeed and feel good about yourself.

For the third year, PossAbilities held the Annual Mom’s Night Out Swim Party at the Drayson Center. On July 10, more than 80 members of PossAbilities—families, children, and adults—showed up for a day of fun. Many disabilities were present, but the day was truly about the abilities of all and the excitement of a refreshing dip in the pool. Joy and laughter were abundant as the children and their families enjoyed swimming, sliding down the waterslide, and enjoying lunch and entertainment together. This year we were blessed with a special appearance by the YMCA Circus performers of Redlands. They performed acrobatic moves that gave us chills.

Social outings are an important component of the PossAbilities program. This type of event provides such an awesome opportunity for families and children to network and socialize in a fun and comfortable setting. Sharing times together like this improves the quality of life for all involved, and creates support for each other in our local community.

DO YOU HAVE A CHILD WITH A DISABILITY? JOIN US FOR MOM’S NIGHT OUT

Third Thursday of the month, 6 p.m.
Mimi’s Café
395 East Hospitality Lane
San Bernardino, CA 92408

Support group for moms of children with special needs to have social time with other moms going through similar challenges. Enjoy a good hot meal, share lots of chitchat, and laugh a lot. We welcome girlfriends, grandmothers, aunts, and other women who give you support. This is a social time for moms. Everyone pays for her own meal. No children, please!

For more information, call Tina Schumacher at 909-864-7424.
In conjunction with the Southern California Sled Hockey Association and USA Hockey, PossAbilities held its Third Annual Sled Hockey Clinic on September 4 at Ice Town in Riverside. The free three-hour event taught disabled kids and adults about this fun sport that was recently brought to Southern California for the first time. Around 70 people, abled and disabled alike, took to the ice to try the sleds and learn about the sport’s strategy and skills.

This year’s clinicians came from various backgrounds. Rico Roman and Jen Yung Lee, both veterans who lost legs in service to our country, are members of the San Antonio Rampage sled hockey team and the U.S. national team. Kyoungmoon Shin, a student at American Sports University in San Bernardino, is a member of South Korea’s national team. Dave Nicholls is goalie for the NAC Golden Eagles in Utah and a member of the U.S. adaptive bobsled team. All four displayed their strong skills, knowledge, and sense of humor.

As usual, a great time was had by all. Sean, a teenager whose brother plays standing hockey at IceTown, says that the clinic was “the most fun I’ve ever had, ever.” Brock Waidmann, a young stage and television actor with spina bifida, says, “This was such a blast, and I can’t wait to do it again!” Nicholas Jenkins, the 11-year-old PossAbilities member who inspired the start of the program in 2009, was excited at the turnout and hopes that the program will keep growing through donations and community support.

For more information, contact Todd Jenkins at IESledHockey@aol.com or call 909-863-1000.
PossAbilities Wins a $12,000 Team USA Grant

Following a 12-day voting period on Facebook, six grand prizewinners of the inaugural Team USA Grants have been determined. The grand prize is a $12,000 grant to assist programs within the U.S. Olympic and Paralympic family that aim to improve sustained competitive excellence, instill the Olympic values, and grow sport participation in the U.S. “On behalf of the U.S. Olympic Committee, a big thanks goes out to the organizations who applied for Team USA Grants and to all the people who voted on Facebook. In addition, congratulations to the winning organizations for their commitment to spreading the Olympic values of excellence, friendship, and respect through this initiative,” says USOC Chief Communications Officer Patrick Sandusky. The winners in the Excellence category are PossAbilities Paralympic Training Program and USA Triathlon's Veterans to Victors. Winning in the Friendship category are Fever on Ice and USRowing’s America Rows Program. The winners of the Respect category are Legends of the Olympiad presented by Art of the Olympians, and the Western Wisconsin Speed Team. Brief descriptions of the categories are detailed below.

Excellence
These programs aim to provide coaching, equipment, sport technology, sport science, or training and competition expenses to competitive athletes in order to facilitate improvement and sport development.

Friendship
These programs aim to introduce Olympic or Paralympic sports to youth, secure instructors, expand the reach of programs to diverse populations, overcome barriers to sport access, and may include providing equipment, facilities, and transportation.

Respect
These programs aim to teach and cultivate Olympic education through such topics as character and life skill development, health and nutrition, blending sport with culture and education, peace through sport, and fair play.

About the PossAbilities Paralympic Training Program
PossAbilities would like to expand its reach as a Paralympic Sport Club. With the grant funds, PossAbilities hopes to provide additional sports equipment, training, travel expenses, and coaching to athletes interested in participating in its Paralympic handcycling program.

About Team USA Grants
As part of its Join Team USA initiative, which provides Americans with opportunities to support and join team USA, the U.S. Olympic Committee created the Team USA Grants to assist organizations within the U.S. Olympic and Paralympic family and provide a platform for fan interaction. To enter, eligible organizations submitted a video clip describing their program, its need for funding, and how it met the criteria of the selected Olympic value category. The top videos were then posted to the U.S. Olympic Team Facebook page for fans to determine six grand prizewinners, two from each category. The categories were Excellence, Friendship, and Respect. More information, including the official contest rules, can be found at www.teamusa.org/teamusagrants.

For more information about the PossAbilities Paralympic Training program, please contact the PossAbilities office at 909-558-6384.

Thank you to all of our PossAbilities Facebook friends and family that voted diligently and pushed us over the finish line to the win! That’s what Team PossAbilities is all about!
On October 23, Team PossAbilities, consisting of three relay teams, volunteers, and staff gathered together to participate in the 18th Annual Aspen Medical Products San Diego Triathlon Challenge in La Jolla, CA. The event was created 18 years ago by a local group of triathletes to fundraise to help a fellow injured triathlete regain his independence. Now, the San Diego Triathlon Challenge (SDTC) has grown into a celebration of life and sport to make a difference in the lives of physically challenged athletes around the world. SDTC is a participatory event that features a new challenge distance, consisting of a 1-mile swim, 44-mile bike, and 10-mile run. More than 200 challenged athletes, including PossAbilities former program director Willie Stewart, competed side by side with 500 able-bodied athletes. PossAbilities was honored to be a platinum sponsor of the SDTC. The money raised from the event helped raise funds to provide adaptive sports equipment, training, and competition expenses for individuals with physical challenges to live active lifestyles. For one glorious day we were able to join our mission with the Challenged Athletes Foundation to provide new direction and hope.

Pictured left to right: Delmon Dunston, Cotie Williams, Keith Melvill, Willem Pennings, Andre Barbieri, Carina Barbieri, Shawn Plafker, Carrie Finale, Iskelvi Payne, Pedro Payne, and Darla Colohan.

Join the PossAbilities Handcycle and Bike Rides on the Second and Fourth Sunday of Each Month at 7:30 a.m.

We meet in the parking lot at the following location:

Souplantation
228 West Hospitality Lane, #H
San Bernardino, CA 92408

Riders will leave at 8 a.m. on the bike trail in San Bernardino, head toward Riverside, and return to San Bernardino. No cars to worry about and you choose the distance you want to ride. Ride 2 miles, 10 miles, or even 25+ miles … all at your own pace. Light, energy-boosting snacks, water, and air tire service will be provided. We welcome able-bodied cyclists to join us for support on this ride. It’s great for the entire family!

If you have any questions, please contact Robert Sandholm at 951-529-8997 or rsandholm@gmail.com.

Ponditat for Humanity Donates a Water Feature to PossAbilities and LLUMC East Campus

PossAbilities and LLUMC East Campus were chosen to receive a professionally installed water feature in November 2011 through the Ponditat for Humanity organization. Ponditat for Humanity is sponsored by the International Professional Pond Companies Association (www.ippca.com) in Georgia. This event is supported by manufacturers and contractors from across the country. The water feature, installed by a group of select professional contractors, is valued at more than $10,000. The Pond Digger (www.theponddigger.com) a local business, will design and install the water feature between the Zapara Pavilion and Ambulatory Services building. Eric Triplett, owner of The Pond Digger, selected PossAbilities and East Campus because of the company’s interest in PossAbilities and the way East Campus incorporates the healing environment into clinical care and throughout the campus. The pond was revealed at a ribbon-cutting ceremony in November that included the International Professional Pond Companies Association as invitees.
Carrie Finale is a fourth-generation San Francisco Bay Area native, sports lover, and competitive athlete. From age 5 until her early 20s, Carrie was a talented soccer, basketball, and softball athlete. Since she survived a catastrophic motor vehicle collision, leaving her paralyzed at age 22, Carrie began searching for a new purpose in life.

To fulfill her new purpose, Carrie earned her Paralegal Studies certificate from San Francisco State University with honors in 2009. She is continuing her education there, working toward her Bachelor of Arts in communication studies with plans to attend law school.

An avid handcyclist, she recently gained a spot on the U.S. Paralympic National Cycling Team. Riding handcycles for recreation quickly evolved into the need to race and compete, which is consistent with Carrie’s athletic nature. She now races on Team PossAbilities and represents our program while she travels the country pursuing her dream.

Become Part of the PossAbilities Peer Visiting Program Today!

Are you interested in meeting with newly injured patients to inspire them with your story? If so, the PossAbilities Peer Visiting Program is looking for you.

Just follow the three easy steps below to get started today. (Each step must completed in the order listed below.)

Step 1—Become an official volunteer of Loma Linda University Medical Center (LLUMC). Contact the LLUMC Volunteer Services Department online at www.lomalindahealth.org/medical-center/about-us/support-loma-linda/volunteer-services or call 909-558-8022.

Step 2—Submit your biography to PossAbilities. Prepare a personal biography of 250 words that you are willing to share with others. Email it along your photo to cowilliams@llu.edu. Biography must be received by the PossAbilities office prior to your PossAbilities orientation.

Step 3—Complete the PossAbilities peer visiting orientation. Once you become a volunteer of LLUMC and have received your badge, call the PossAbilities office at 909-558-6384 to schedule your peer visiting orientation with Cotie.
Support Groups

**AMPUTE CONNeCTiONS**
For program information or to request a visit by one of our volunteers, call:
Bert—Norco 951-735-7963
Bill—Grand Terrace/LLUMC 909-423-0562

Pedro’s Place

Happy Holidays!

Well, my favorite time of the year has arrived. I love Christmas because it reminds me of how much God loves each and every one of us. It’s a special time for us to remember the birth of our Lord Jesus Christ and the hope that we received through this very special gift from God.

For PossAbilities, 2011 has been a wonderful year. This year we grew together as a family and as a team. Our program has been blessed with many new members and new opportunities, including our Team USA Grant. Yes, 2011 was a good year but now we look forward to 2012—a year full of promise and hope.

We’ll start the new year with our annual Tour de Palm Springs race. Make sure you don’t miss it! Then we gear up for the 27th Annual Redlands Bicycle Classic. So get your handcycles ready, because this year promises to have some good competition! Of course, this all leads us to our 10th Anniversary PossAbilities Triathlon—an exciting beginning to 2012!

So gear up for a year full of excitement, success, and endless PossAbilities. With your help, we can make 2012 a year to remember!

Pedro R. Payne, Ph.D.
Manager of PossAbilities
prpayne@llu.edu
